OUR INVESTMENT PHILOSOPHY - WHY US?

SERENE ALPHA

Value is an outcome of your investment approach & it cannot be obtained on day 1

Visionary Leadership

Investing behind forward-thinking promoters with a proven execution track record and strong governance.

Parameters:

- Preference for visionary and ethical leadership with operational depth
- Focus on businesses with scalable models and operational leverage
- Preference for high promoter skin-in-the-game with no pledges and prudent capital allocation
- Avoiding speculative or over-hyped names with poor governance signals

Sectoral Tailwinds

Identifying structurally growing sectors supported by macro trends, government reforms, and disruptive innovation.

Parameters:

- Investing in businesses riding secular demand trends (e.g., renewables, electronics mfg., semiconductors)
- Alignment with policy tailwinds, tech innovation, and global shifts
- Focus on industries with scalability, resilience, and clear competitive moats
- Disciplined sectoral diversification to balance cyclical risks

Disciplined Investing

Rigorous selection framework based on sustainable profitability, valuation comfort, and balance sheet strength.

Parameters:

- Strong emphasis on PEG ratio and valuation in parallel to the growth potential
- Prioritizing free cash flow generation and clean balance sheets
- Consistent margin profile and earnings integrity
- Bottom-up diligence with margin of safety and long-term compounding potential

OUR INVESTMENT PROCESS

SERENE ALPHA

We focus on the process and aim to repeat it tirelessly, so that we compound!!

Start

Sourcing

- Identify via deep market research, industry trends & strategic networks.
- Focus on small, high-growth companies with solid execution track records.

Due Diligence

- Conduct financial, operational, and strategic diligence.]
- Evaluate scalability, business model, and promoter credibility.
- Assess governance, positioning, and risk factors.

Investment

- Obtain investment committee approvals.
- Finalize agreements and allocate capital.

Active Monitoring

- Track financial and operational performance consistently.
- Ensure legal, regulatory, and compliance alignment.
- Engage via board oversight and strategic interaction.

Exit

- Plan exits via IPOs, M&A, or secondary sales.
- Maximize value with minimal risk.
- Align exits with market conditions and investor goals.

Repeat

DATA-DRIVEN INTELLIGENCE: THATS THE WAY WE WORK!!

SERENE ALPHA

Knowing what to buy is crucial – but knowing when to buy is equally vital. Timing can be the defining edge in our investment strategy

MULTI-LAYERED DATA INTEGRATION

- Macro-economic indicators (GDP trends, inflation cycles, policy shifts)
- Industry-specific metrics (Auto numbers, import/export flows, Chemical prices)
- Company-level metrics (Earnings trends, Capex, Management change)

SMART ANALYTICS INFRASTRUCTURE

- Data pipelines for automated data ingestion & processing
- Advanced algorithms to detect leading indicators & regime shifts
- Natural Language Processing (NLP) models to mine insights from filings and transcripts

VISUAL INTELLIGENCE WITH POWER BI

- Interactive dashboards that unify macro, industry, and company data
- Alerts on structural divergences and early earnings breakout patterns

RECOGNISE PATTERN FOR THEMATIC BETS

- Early identification of sunrise sectors through cross-data patterning
- Custom-built composite indicators that anticipate inflection points
- Sector rotation and regime-mapping tools

ACTIONABLE INSIGHT INTO OUR PHILOSOPHY

- Quant-backed conviction that aligns with our S.M.A.R.T., S.T.E.A.D.Y., S.E.R.E.N.E. investment filter
- Seamless bridge between raw data and high-quality idea generation
- Ability to act before the crowd on emerging themes and trends

"We don't just follow data—we let it lead us to opportunity."

OUR NON-NEGOTIABLES IN EQUITY INVESTING

SERENE ALPHA

Markets reward timing, but long-term wealth is built on non-negotiables.

PROFITABLE & SCALABLE BUSINESS

- Proven profitable track record (at least 2–3 years)
- Clear visibility of earnings growth (medium to long term)
- Asset-backed companies

EXIT ROUTE*

- IPO in stipulated period – Exit via OFS.
- If no IPO – Promoter buyback/sale.
- Fallback – 12–24% IRR or asset charge.

TRANSPARENT ACCOUNTING

- Strong focus on free cash flow
- Clean balance sheet (no excess leverage, no hidden liabilities)
- No working capital stress

INDUSTRY TAILWINDS

- Structurally growing sector
- High entry barriers ensuring sustainability
- Long-term demand visibility

CLEAN GOVERNANCE

- Promoter Group Holding > 50% preferred
- Strong alignment of interests with shareholders
- No high promoter pledges
- No major litigations

Note:-

- The exit mechanisms described above represent Serene Alpha's preferred outcomes. We will make reasonable commercial efforts to negotiate and incorporate such exit clauses in the SHA/SSA of each investment. However, the actual inclusion and terms of these provisions will be subject to negotiations, due diligence and applicable law, and therefore cannot be assured.
- While the Fund's investment approach is guided by the above non-negotiables, there may be limited and exceptional situations where the Fund may evaluate opportunities outside these parameters, in the best interest of the Investors; however, the Fund expects that, in the vast majority of cases, investments will adhere to these non-negotiable principles.

RED FLAGS – WHAT WE CLEARLY AVOID

True wealth compounds when principles are never compromised.

UNPROVEN / HIGH-RISK MODELS

- No allocation to very early-stage startups
- Avoid companies without a clear path to profitability

UNFAVOURABLE SECTORS

- Finance, Fintech, or Gaming businesses
- Sin industries: animal slaughter, liquor, tobacco
- Structurally declining or highly cyclical industries

WEAK GOVERNANCE

- Promoter pledge-heavy entities
- Companies involved in major litigations or disputes
- High contingent liabilities

OPAQUE FINANCIALS

- Weak or negative cash flows
- Excessive leverage or over-stretched balance sheets
- Lack of financial transparency
